

# Distribution of Belgian Rotifera

by M. DE RIDDER

## Abstract

New distribution data are given for 166 Rotifer species or *formae* in Belgium. For one species, *Keratella quadrata*, a map, giving these data, is added.

Key-words: Rotifera, distribution, Belgium

## Résumé

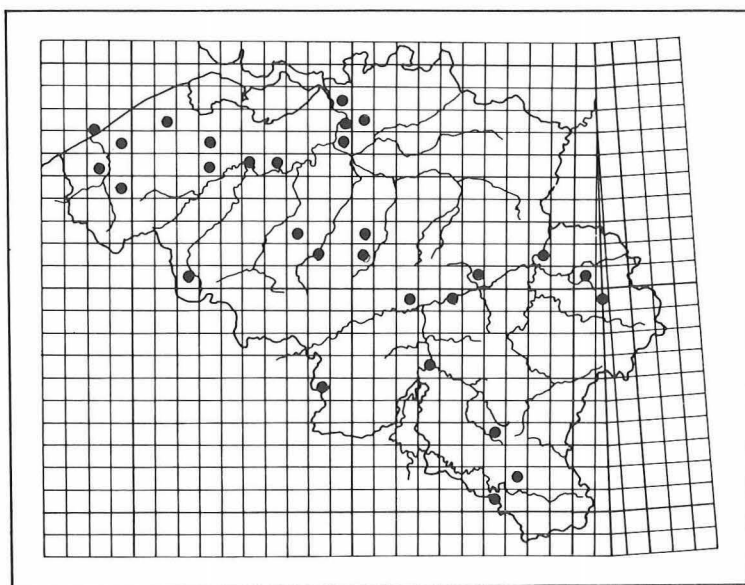

Dans cet article, de nouvelles données concernant la présence de 166 taxons (espèces ou formes) de Rotifères en Belgique sont énumérées. Pour l'espèce *Keratella quadrata*, une carte représentant ces données, est ajoutée.

Mots-clés: Rotifères, distribution, Belgique.

## Introduction

In the present contribution, new distribution data for Rotifer species and/or *formae*, are added to those already published in DE RIDDER (1973) and DE RIDDER (1987). We excerpted all recent publications on Rotifers which we could trace, as well as some older papers, which were unfindable at the time or which were overlooked. In this way we came across new data for 166 species or *formae*. Taxa, new for Belgium, are marked with an asterisk. References to authors are indicated with the number of the paper in question in the bibliography. For the sake of simplicity, we only note the UTM coordinates when a locality appears for the first time in our list. For the "Meuse liégeoise" we choose the co-ordinates of Tihange, as this locality is the central point in BAIVERLIN's (1984) investigations. For one species (*Keratella quadrata*) a distribution map based on DE RIDDER (1987) and the present paper is given. It is complementary to map 93 in DE RIDDER (1973).

Map 1. Occurrence of *Keratella quadrata* in Belgium, after the data in DE RIDDER (1987) and the present paper.

## Species list

In the following list, species/*formae* are noted in alphabetical order; as often as possible, not only the locality, but also the biotope where they were encountered are presented.

Taxon	Locality	UTM co-ordinates	Bib. ref.
<i>Anuraeopsis fissa</i> (GOSSE, 1851)	Gent (boatracing canal)	ES.55	5

<i>Rotaria macrura</i> (SCHRANK, 1803)	Gent (river Leie)	1
	Overmere (lake Donk)	14
<i>Rotaria neptunia</i> (EHRENBERG, 1832)	Gent (river Leie)	1,13
	Meuse liégeoise	2
	Woumen (lake Blankaart)	9

<i>Rotaria rotatoria</i> (PALLAS, 1766)	Gent (river Leie)	1,13	
	Meuse liégeoise	2	
	Overmere (lake Donk)	4,6,14	
	River Scheldt off Overmere	4	
<i>Rotaria tardigrada</i> (EHRENBERG, 1832)	Meuse liégeoise	2	
	<hr/>		
<i>Scaridium longicaudum</i> (O.F.MÜLLER, 1786)	Overmere (lake Donk)	14	
<hr/>			
* <i>Sphyrias lofuana</i> (ROUSSELET, 1910)	Gent (ponds Bot. Garden)	23	
<hr/>			
* <i>Squatinella lamellaris</i> (O.F.MÜLLER, 1786)			
var. <i>mutica</i> (EHRENBERG, 1832)	Gent (ponds Bot. Garden)	23	
var. <i>tridentata</i> (FRESENIUS, 1858)	Gent (ponds Bot. Garden)	23	
<i>Squatinella rostrum</i> (SCHMARDA, 1846)	Gent (ponds Bot. Garden)	23	
<hr/>			
<i>Stephanoceros fimbriatus</i> (GOLDFUSZ, 1820)	Tournai (artificial crater lake)	3	
<hr/>			
<i>Synchaeta oblonga</i> EHRENBERG, 1831	Overmere (lake Donk)	14	
	Overmere (newly dug pond)	18	
	<i>Synchaeta pectinata</i> EHRENBERG, 1832	Gent (boatracing canal)	7,8
		Hoboken (pond of moat of fort 8)	10
	Meuse liégeoise	2	
	Overmere (lake Donk)	14,22	
	Overmere (ponds near lake Donk)	21	
Overmere (newly dug pond)	18		
<i>Synchaeta tremula</i> (O.F.MÜLLER, 1786)	Overmere (lake Donk)	14	
	Overmere (newly dug pond)	18	
* <i>Synchaeta tremula</i> (O.F.MÜLLER) f. <i>kitina</i> (ROUSSELET, 1902)	Overmere (lake Donk)	22	
<hr/>			
<i>Testudinella elliptica</i> (EHRENBERG, 1834)	Gent (ponds Bot. Garden)	23	
	Woumen (lake Blankaart)	9	
<i>Testudinella mucronata</i> (GOSSE, 1886)	Overmere (lake Donk)	14	
<i>Testudinella parva</i> (TERNETZ, 1892)	Overmere (lake Donk)	14	
<i>Testudinella patina</i> (HERMANN, 1783)	Gent (boatracing canal)	5,7,24	
	Gent (ponds Bot. Garden)	23,26	
	Hoboken (ponds of moat of fort 8)	10,12	
	Merksem (moat of fort)	11	
	Overmere (lake Donk)	14	

	Woumen (lake Blankaart)	9
* <i>Testudinella reflexa</i> (GOSSE, 1887)	Assebroek (Nature Reserve "Leiemeersen")	28
<i>Trichocerca capucina</i> WIERZEJSKI & ZACHARIAS, 1893	Overmere (lake Donk)	14
<i>Trichocerca cavia</i> (GOSSE, 1886)	Gent (ponds Bot. Garden)	23
	Overmere (lake Donk)	14
<i>Trichocerca cylindrica</i> (IMHOF, 1891)	Gent (ponds Bot. Garden)	23
<i>Trichocerca elongata</i> (GOSSE, 1886)	Gent (ponds Bot. Garden)	23
	Overmere (lake Donk)	14
<i>Trichocerca longiseta</i> (SCHRANK, 1802)	Overmere (lake Donk)	14
<i>Trichocerca porcellus</i> (GOSSE, 1886)	Overmere (lake Donk)	14
<i>Trichocerca pusilla</i> (LAUTERBORN, 1898)	Hoboken (pond of moat of fort 8)	10
	Merksem (moat of fort)	11
	Overmere (lake Donk)	14
	Virelles (Nature Reserve "Etang de Virelles")	20
<i>Trichocerca rattus</i> (O.F.MÜLLER, 1776)	Overmere (lake Donk)	14
* <i>Trichocerca rattus</i> (O.F.MÜLLER) f. <i>carinata</i> (EHRENBERG, 1851)	Merksem (moat of fort)	11
	Overmere (lake Donk)	14
<i>Trichocerca similis</i> (WIERZEJSKI, 1893)	Hoboken (ponds of moat of fort 8)	10,12
<i>Trichocerca stylata</i> (GOSSE, 1851)	Overmere (lake Donk)	14
<i>Trichocerca tigris</i> (O.F.MÜLLER, 1786)	Overmere (lake Donk)	14
<i>Trichotria pocillum</i> (O.F.MÜLLER, 1776)	Meuse liégeoise	2
	Overmere (lake Donk)	14
	Tournai (artificial crater lake)	3
<i>Trichotria tetractis</i> (EHRENBERG, 1830)	Overmere (lake Donk)	14

### Acknowledgements

I thank Prof. Dr. H.J. DUMONT for laboratory facilities, em. Prof. Dr. Ir. A. GILLARD and Lic. H. SEGERS for their oral communications, and M. BRUYNEEL for drawing the *Keratella quadrata* map.

---
